**Subject:** RE: Louisiana Class VI Crosswalk Revisions

Hi Laura,

Jay and I have already reviewed the La. R.S. 30:1110 statute (Carbon Dioxide Storage Trust Fund) so our comment for Line 508 is revised as follows:

*The State set a maximum limit of 5 million dollars. Will it be enough to cover what it is advertised to do? How do you make sure there will be sufficient funds available To cover post-closure period?*

Thank you.

Hey Lisa,

We're making good progress on our crosswalk and reg revisions. However, we'd like to have a call with the EPA to talk through some of the Carbon Dioxide Geologic Storage Trust Fund questions raised in this past review. Do you have any availability on Monday 9/7 or Tuesday 9/8 to discuss?

Thanks,  
Laura

Hey Lisa,

Thanks for getting back to us so quickly. We're in the process of reviewing the EPA/Cadmus comments and hope to return the revised documents to you soon.

Thanks,

**Laura Sorey, PG**

Good afternoon,

Thank you for your patience.

Attached are our comments on LDNR's revised Class VI crosswalk and draft regulations.

The first attachment is a short version of our comments and the second one is the entire crosswalk with detailed inputs/comments from EPA HQ and Regional offices.

If you have any questions, please feel free to contact me.

Regards,

Lisa Pham

Good morning all,

Louisiana's updated Class VI crosswalk and draft regulations are attached here for your review. Per the guidance from earlier this week, we've preserved all initial comments from Cadmus as well as our tracked changes.

Please let me if you have questions or require any additional information.

Thanks,  
Laura
